Moreover, we never indulge in fake advertisements. You ask why this tremendous reduction in our prices. We answer, do you know that up to date we have not had a week's cold weather all this winter? We are stuck on Heavy Suits and Overcoats and for two reasons must unload. The most important is we need the money for thirty odd thousand dollars worth of Clothing on hand. The other reason is our spring purchases are beginning to come in. It will take lots of room for them. Look in our windows for them. Look in our windows you will see what one third off

It seems a little difficult to applaud Mr.

Towels and Toweling!

Make us really "linen proud," for if we're learned to judge your taste correctly we're towel comfort for you—by the dozon. There are hucks and damaaks, hemstliethed with rows of pretty open work; crape and huck, hemmed, fringed or hemstliethed and bird-sep hemmed to hemstliethed, besides a complete showing of the famous Web Weaving. A stock large enough and prices low enough to instea dry season and a clean one. At 5c. Bird's-eye, all white, fringed towels. At 10c. Honeycomb bath towels, Grandma's kind. At 12te. Bleached Irish huck towels, beemmed. At 15c. Red bordered, fringed damask towels. These would be cheap, very cheap, at 20c. So prices climb up to satin-finished towel perfection at 50c.

TOWELINGS! Bleached, unbleached, linen, cotable crashes that give double-time wear. Have you tried the heavy
gray all-linen crash at 5c.? There's a cotton initiation that looks
its twin, but use will regulate all relationship. Our towelling is
a weave of purset flax, an exceptionally heavy quality at an unusually light price. So, the yard instead of 7c.
